- Customer Module
- Admin Module

5. Identify the users in your project?

- Admin
- Customer

6. Who owns the system?

Amado national Furnitures

7. System is related to which firm/industry/organization?

E-commerce industry

8. Details of person that you have contacted for data collection?

customer

9. Questionnaire to collect details about the project? (min 10 questions, include descriptive answers, attach additional docs (e.g. Bill receipts, certificate models), if any?)

- I. *What are the difficulties of the existing system?*
The current system is working manually. So that, it is harder to work on.
- II. *Do you allow customers to buy continuously for a certain period?*
Yes.
- III. *Is your price is fixed for all time?*
We reduce product price at the time of festivals. And also we provide our regular customer 25% offer.
- IV. *Did the site came to a situation of product is out of stock?*
Yes.
- V. *Then how did you manage it?*
On such a situation we order items from nearby sohps , which is trustful, and sold to our customers.
- VI. *What all products are you selling?*
We mainly sell wooden furnitures like table, chair etc.

VII. Which are the packaging type used? Is there any special price calculations based on it?

Yes, since different customers prefer different packaging ,we used different packaging types and based on that price is calculated.

VIII. Which all places you are selling the products?

We are only selling our products in kerala.

IX. By whom the site is managed ?

Shop owner.

X. What all are the expectations on this site?

It must be user friendly, easily manageable by us...

XI. What are the additional functionality you needed?

It will be nice,if it is able to mark vacation days.
